ABOUT US

OUR BUSINESS

MHL Scaffolding is an independent, 100% Australian family-owned business with over 40 years of experience in the industry. Our team are professional and experienced individuals who bring their expertise and knowledge to every job we do. We specialise in all types of scaffolding for residential, commercial, and industrial projects.

WHERE NO JOB IS TOO BIG OR TOO SMALL

GOALS AND OBJECTIVES

Mission

Our mission is to provide efficient and effective scaffolding services while upholding the highest standards of safety. We are committed to delivering superior customer service to private and public organizations across Australia, ensuring every project is completed with reliability, compliance, and a strong focus on the well-being of our workers and clients.

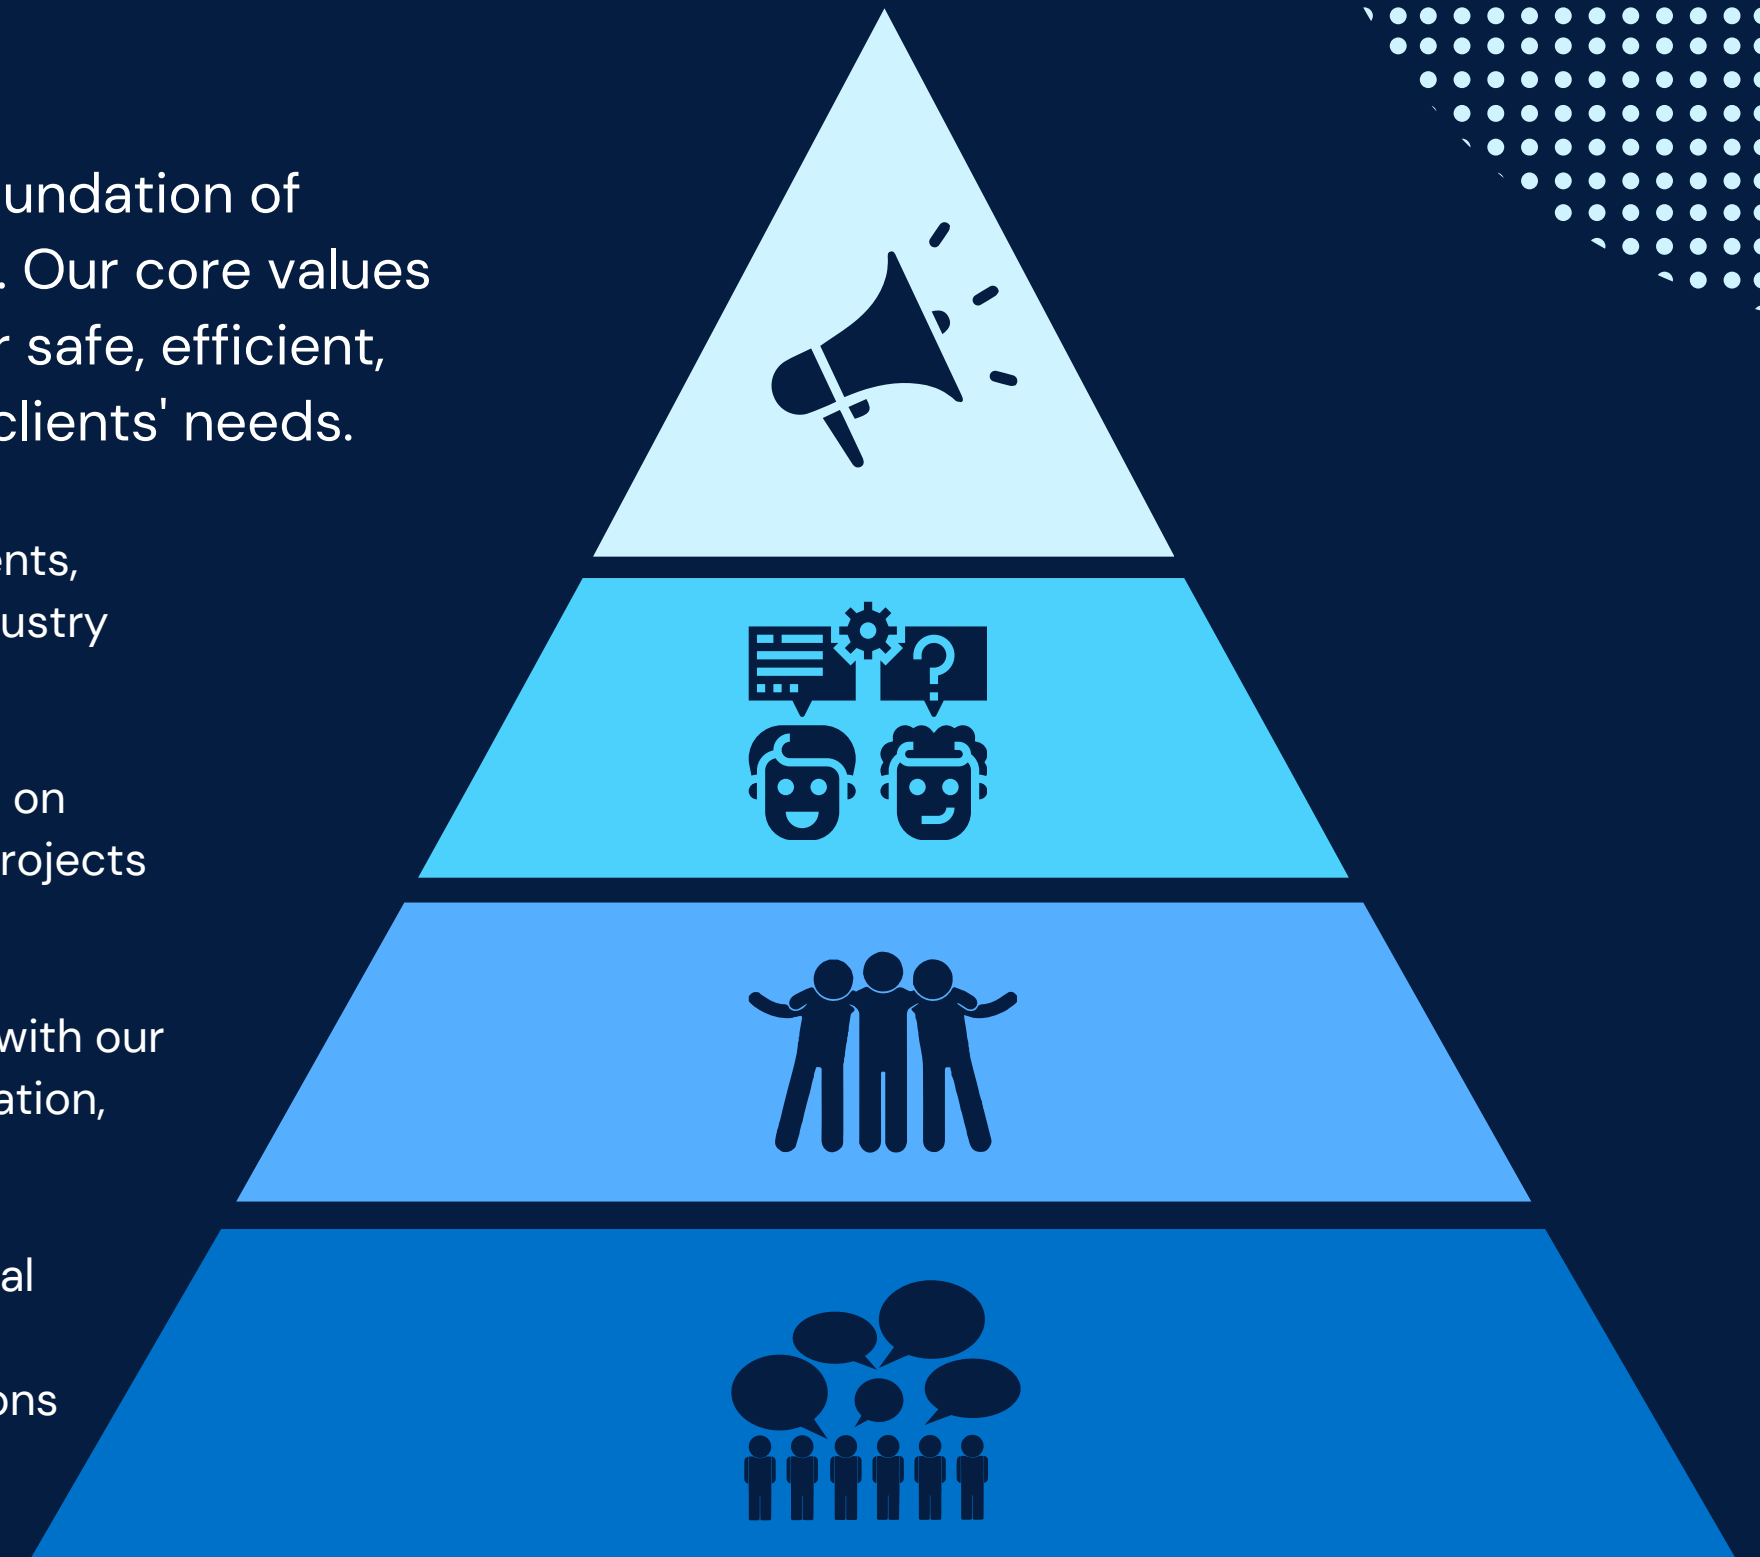

Customer Satisfaction

We achieve customer satisfaction by prioritizing safety, reliability, and clear communication in every project. Our team delivers high-quality, tailored scaffolding solutions on time and within budget while maintaining strict safety standards. By using top-grade materials, skilled professionals, and responsive support, we ensure seamless project execution and long-term client relationships built on trust and excellence.

VALUES

At MHL Scaffolding, our success is built on a strong foundation of expertise, reliability, and a commitment to excellence. Our core values guide every project we undertake, ensuring we deliver safe, efficient, and high-quality scaffolding solutions tailored to our clients' needs.

- 01** Safety First – We prioritize the safety of our workers, clients, and the public by adhering to strict safety protocols, industry regulations, and continuous training
- 02** Reliability & Efficiency – We deliver scaffolding solutions on time and within budget, ensuring minimal disruption to projects while maintaining high-quality standards
- 03** Customer Commitment – We build strong relationships with our clients by providing responsive service, clear communication, and tailored scaffolding solutions to meet their needs
- 04** Integrity & Accountability – We uphold the highest ethical standards, taking full responsibility for our work and maintaining transparency in every aspect of our operations

MANAGEMENT TEAM

Jory Notarfrancesco

CEO

As the CEO and founder of MHL Scaffolding, Jory brings over 20 years of experience in the construction industry, coupled with a strong leadership vision and deep industry expertise. His commitment to delivering high-quality, safe, and efficient scaffolding solutions has positioned MHL as a trusted name in the market.

Jory plays a pivotal role in driving innovation, ensuring that MHL stays at the forefront of industry advancements by integrating new technologies and best practices into operations. His strategic approach focuses on continuous improvement, operational excellence, and optimizing project efficiency for all stakeholders. With a hands-on leadership style, Jory is dedicated to fostering long-term client relationships, maintaining the highest safety standards, and ensuring that every project operates at its full potential.

James Whelan

Business Development & Operations

James is an integral part of the team, bringing over 40 years of experience in the construction industry. With a Carpentry trade background, he has worked his way up through the ranks as a site foreman and site manager with some of Melbourne's top-tier builders. Through these roles, James gained extensive hands-on experience in scaffolding applications and mechanical access solutions. He played a pivotal role in the early adoption of Mast Climbing Work Platforms in the construction industry, gaining practical expertise across QLD, NSW, VIC, and Southeast Asia. James holds accreditations from the Master Builders Association of Victoria (MBAV), including Certificate III & Certificate IV in Occupational Health & Safety (OHSE), further strengthening his ability to drive safe and efficient scaffolding solutions.

Richard Maccabi

Client Manager

A seasoned sales professional with over 10 years of experience, Richard Maccabi has a strong background in both education and training, as well as the building industry. He has a proven track record of managing client relationships, consistently achieving sales targets, and ensuring strict adherence to safety and operational standards.

Richard is highly skilled in tailoring solutions to meet customer needs while fostering long-term partnerships, understanding that clear and ongoing communication is essential until project completion. With extensive experience across both private and government sectors in Australia and internationally, he excels at leading teams and inspiring collaboration toward shared goals. Holding a Certificate IV in OHSE, Richard is committed to ensuring all tasks are performed safely and efficiently.
